

# Conservancy District Referendum May 23

Members of the "No-Con District" Council have apparently won in their fight to gain three additional polling places for the May 23 referendum to establish a Conservancy District.

The No-Con Council, which is opposed to the establishment of the Conservancy District, felt that there were too few polling places and that they were inconvenient to many of the voters. The additional polling places which they recommended would be at the Channel Lake School, the Gavin North School, and the village hall in Round Lake Heights.

The original plan called for four precincts in McHenry County and four in Lake County. The four in Lake County would have been as follows: 1. Residents of Antioch and Lake Villa Townships to vote in the Grass Lake School. 2. Grant Township, except Fox Lake, at the Ingleside town hall. 3. Fox Lake residents, the fire station. 4. Residents of Wauconda, Fremont and Avon Townships to vote in the Volo Grade School.

The proposed Conservancy District would include parts of McHenry and Antioch Townships. If the referendum is passed, taxpayers in the district will be approving an additional tax levy of .083 on the assessed valuation of their property. This would amount to \$8.30 per \$10,000 of assessed valuation. The proposed district would include Channel Lake, Lake Marie, Lake Catherine, Grass Lake, Petite Lake, Richmond, Fox Lake, and portions of other townships.

In the Antioch area, the Conservancy District would include all property from the Wisconsin-Illinois State Line west of Tiffany road, south to Beach Grove Road, where the district makes a slight jog east; then the line proceeds south to Grant Township. The village of Antioch is not included in the District.

Proponents of the Conservancy District say they will clean up the water pollution in the North Fox Valley Conservancy District. This includes areas that drain into the Fox River and most of the Chain O' Lakes.

The affairs of the District would be conducted by trustees appointed by the county judges of the counties involved. They would receive salaries of \$500.00 a year, and would serve five-year terms.

The move to form the district originated in McHenry County and most of the supporters of the District are McHenry County residents.

The "No-Con District Council" of which Mrs. Julia Chonis was elected chairman, was formed to fight the establishment of the Conservancy District. Members of the Lake County Federation of Improvement Assoc., the Long Lake Improvement and Sanitation Assoc., the Fox Lake Hills Sanitary District,

## Moon Is Blue This Week-End

"The Moon Is Blue" will be on the stage of the Palette, Masque & Lyre theater this weekend, Friday and Saturday, April 17 and 18.

The play is an adult, sophisticated comedy in three acts, directed by Dan Bevington.

Janice Church will star as the somewhat innocent Patty O'Neill. Dane Lucas plays the handsome young architect, John Gresham. Dan Bevington, in addition to directing, will be on stage as the rich playboy, David Slater. The scenes are disrupted by the unexpected arrival of Mr. O'Neill, Patty's father, who will be played by Ed Roberts.

The curtain goes up at the PM&L Theater on Main St. in Antioch at 8:30 p.m. Tickets are available at the box office or from members of the east.

During intermissions and before and after the play, an art display by the Antioch Art Guild may be viewed.

and other county agencies and groups.

Opponents of the District claim that the Conservancy District, once formed, is too powerful and that there is no provision for ending it if residents are dissatisfied with its operations. It is being formed, they contend, to do a job that is the work of the Public Works Dept. This means added needless expense to the taxpayer, duplication of effort, and confusion.

## Re-Seat High School Board

Good weather and a multiplicity of candidates brought out a fairly heavy vote for the school board election at Antioch Community High School last Saturday.

Incumbents William Brook, Roger Prossie and Helen Kopriwa were all elected. Will Brook received 457 votes in Precinct 1 (Antioch), 62 from Precinct 2 (Lake Villa), and 37 from Precinct 3 (Lindenhurst) for a total of 556 votes; Roger Prossie received 324 votes in precinct 1, 90 in precinct 2, and 30 in precinct 3 for a total of 444 votes; James Palm received 118 votes in precinct 1, 8 in precinct 2 and 10 in precinct 3 for a total of 134 votes, and Dorothy Sherwood received 88 votes in precinct 1, 71 in precinct 2 and 17 in precinct 3 for a total of 176.

Helen Kopriwa, running for the one-year term, garnered 374 votes in precinct 1, 79 in precinct 2, and 34 in precinct 3 for a total of 487; Sven Osterlund had 118 votes in precinct 1, 28 in precinct 2 and 16 in precinct 3 for a total of 162 votes.

At the Antioch Grade School, the two incumbents were unseated, with Joan Toft and Oliver Hunt polling the most votes to fill the two vacancies on the board.

Incumbent Frank Feiler polled 236 votes, incumbent Wesley Camp 219 votes, Joan Toft 267 votes, Oliver Hunt 290 votes. 557 ballots were cast.

At Channel Lake School, Gladys Zobus and Elmer Meierdick, the incumbents, were re-elected with no opposition. Ten write-in votes were cast for James Waters and 1 for George Hucker. There were four spoiled ballots with a total of 51 votes cast.

At Grass Lake School, Charles Smith and Porter Larson were elected, defeat-

## Group Aims To Censor Books & Films

The first meeting of a group seeking to form a committee to censor objectionable literature and movies will be held Sunday at the Lake Villa VFW hall at 3 p.m.

Albert Smith, Crooked Lake Oaks Subdivision, initiated the formation of the group. He issued an invitation to all interested people to attend the meeting, and stressed the fact that this is not a religious group. He hopes that this will become a civic movement, combining representatives of civic groups, churches and individuals.

Sixty letters have been sent to churches and civic groups inviting them to send representatives to Sunday's meetings.

Sunday's meeting will feature a speaker from the Citizens for Decent Literature group.

The purposes of the organization, according to Mr. Smith, are threefold: 1. To alert people to the dangers of objectionable literature. 2. To appraise the legislative situation concerning the material. 3. To form a community committee to control the type of literature and movies available to us.

The group is called the "Do-Something-About-It Committee for Moral Safety."

Opponents of the plan claim that the Conservancy District can't accomplish its goal on the amount of money that will be raised from the tax set in this referendum, and that it will be ineffective because it leaves out some of the main sources of pollution. The headwaters of the Fox River in Wisconsin, they say, and the villages such as Antioch and Lake Villa would have to be included in the district to make it effective.

## Fifty Years For A.C.H.S.

Alumni of Antioch Community High School met with Albert Dittman, superintendent, to start making plans to celebrate the school's 50th anniversary next year.

The first portion of the present High School was completed in 1915. The first class of record at the school graduated in 1919. Previous to the construction of the present school, Antioch had a two-year high school in a building on the present Antioch Grade School grounds.

Fred Stahmer was appointed chairman of the committee making plans for the event, with Edna Radke as co-chairman. Patricia Olschlager was elected to serve as secretary; Preston Reckers, treasurer, and Carol Cervenka, publicity chairman. Members of the steering committee are Robert Wilton, Jr., Phyllis McMillen, Louise Radke, John Steitz, William Brook, Robert Denman, Elaine Gallagher, Lucille Kuechenmeister, Louise Murrie and Garnet Odden.

Events were suggested in which the alumni might wish to take part, also a project. Nothing definite was decided, however.

The next meeting of the alumni group will be Wednesday, April 22.

## Dr. Hays Attends Brothers Funeral

Dr. Earl J. Hays went to Oil City, Pa., last week to attend the funeral of his brother, Harry B. Hays, 82.

The Earl Hays' live at 1506 Dering Lane, Lake Villa. They are former long-time residents of Antioch.

## Lions Wind Up Bridge Match

The Antioch Lions Club sponsored bridge tournament has been gathering interest this week as the elimination round enters the semi-final round. The eight teams remaining will be vying for three trophies in the next two weeks.

In the championship bracket, Mildred Gaston and Charlotte Queen will meet Ruth Pickus and Helen Vogler to determine the finalist from the top bracket. Mr. and Mrs. John Dupre have already defeated Mr. and Mrs. Elmer Eberman and are assured of a spot in the finals.

Four teams in the consolation bracket will be competing for a third trophy. Mr. and Mrs. Jacobson will play the team of Janet Brook and Louise Murre for one consolation finalist spot.

The other finalist will be the winner of a match between Mr. and Mrs. DeBoer and the team of Ellen Ryan and Pat Herbert.

The semi-final matches must be played by Friday, April 17. The finalists will have, until April 24 to play their final rounds to determine the Champion and consolation round winner.

The two finalists and the winner of the consolation round will be the guests of the Lions Club at their meeting in May where they will be awarded their respective trophies.

## Nat. Library Week is April 12-18

"Reading is the Key" is the theme of National Library Week from April 12 to 18.

At the Antioch Township library, new books will be put on display this week; National Library Week book-marks will be handed out to patrons; new pictures will be on display, the works of Mrs. L. Kriz, a member of the Antioch Art Guild; and the new check-out machine will be in operation. The check-out machine is expected to accommodate more patrons quickly and efficiently.

Betty Lu Williams, Librarian, invites all residents to visit their library this week, browse around and sign up for a library card.

# Heavy GOP Vote Favors Percy; Babcox Losing Race

With sunny skies and a hot race for governor, voters turned out Tuesday for a fairly heavy primary vote.

In Precinct 1, voting at the Fire Station in Antioch, Bernard Osmond was unopposed for Republican precinct committeeman. On the Democratic slate, James Stewart upset the incumbent, Charles Cernak, polling 62 votes to Cernak's 25.

Precinct 2, voting at the old Village Hall in Antioch, had a three-way race for Republican precinct committeeman, from which veteran Herman Holbek emerged victorious with 108 votes. His opponents were Herbert Horton, who polled 93 votes, and William Horton, 55 votes.

On the Democratic slate in precinct 2, William "Mark" Turner, with 71 votes, easily downed his opponent, R. F. Heiden, 13 votes.

## Apache Patrol of Troop 91 Takes A First In First Aid

The Apache Patrol from Boy Scout Troop 91 of Antioch took first place in a district-wide First Aid Tourney on April 4.

The Antioch patrol competed with 204 boys representing 27 patrols from 13 Boy Scout troops representing communities from all over Lake County.

The patrols competed on four problems covering all aspects of First Aid situations. The Apache patrol earned a score of 943 out of a possible 1,000 points. The Cobra patrol from Troop 222, Round Lake, was second with 936 points; the Wolf patrol of Troop 295, Mundelein, was third with 932 points. No patrol earned less than 818 points.

Prior to the district meet, the boys practiced at troop meetings and competed against other patrols in their troops in order to qualify to participate in the district meet. Ted Pechak of Libertyville was the chief judge and reports that this was one of the most successful meets that he has taken part in. The entire program was under the direction of Bert Johnson, Libertyville, chairman of the Health & Safety committee of the Northwest District of the North Shore Area Council. Another such meet is planned for next year to continue to help boys to be prepared to meet any emergency.

In precinct 3, voting at the Lotus School, Gilbert Melgior was unopposed for Republican precinct committeeman, and garnered 116 votes. Democrat Albert Coffey, also unopposed, polled 31 votes.

In Precinct 4, voting at the Grass Lake Scout House, veteran precinct committeewoman Helen Burke, now hospitalized, polled 335 votes. She was unopposed. Lester Hribar, also unopposed for committeeman, polled 33 votes.

Precinct 5, voting at the Channel Lake School house, gave Elmer Eberman 165 votes for Republican precinct committeeman, plus write-in votes for Louis Portalski, 3; Peter Schaeffer, 1, and Henry Palm, 1.

On the Democratic slate for committeeman, John Matyjka had 60 votes, Sylvia Pezdlek 42, and Don Hartmann 15.

In Precinct 6, voting at the Emmons School, Bud Holtz was unopposed for Republican precinct committeeman. On the Democratic slate, Rose Pechaty easily beat her opponent, Francis Schmidt, polling 90 votes to Schmidt's 30.

Complete returns on County, state, and national balloting from precincts 1, 2 and 6 had not been procured at the time of going to press.

County-wide, Coroner Robert "Mickey" Babcox has apparently lost the race for the office of coroner to "Pat" Clavey. Bruno Stanczak is apparently an easy victor over attorney Paul Hamer, and remains the Republican nominee for State's Attorney.

Senator Robert Coulson also appears to be an easy winner over Douglas A. McGillis as Republican choice for State Senator. Jack Sperling polled a heavy vote for Attorney General in Antioch precincts. W. J. Murphy is leading by a large margin in Antioch precincts for delegates to the State Representative nominating convention.

Precinct 3, voting at Lotus school, cast a total of 152 Republican votes and 34 Democratic votes. Barry Goldwater polled 101 votes for presidential nominee on the Republican ballot to Margaret Chase Smith's 32. For governor, Charles Percy had

## Firemen Have Buffet Supper After 3 Calls

In addition to answering three fire calls Tuesday, firemen hosted their wives for a social evening Tuesday night.

A buffet supper was served at 7 p.m. Frank Kennedy, Jr., spoke to the firemen, telling them about his experiences at Leader Dog Training School. A film was also shown, demonstrating the way both the Leader Dogs are trained, and the schooling their blind masters receive to use them.

A film of the 50th Anniversary parade of the Fire Department was shown for the first time to the men of the department.

The evening was such a success that the firemen are considering repeating it annually.

Following are the fire calls for March and April. Numerous grass fire calls have

## Antioch To Annex District

Mrs. Luella Anderson, widow of the late Rev. Wallace Anderson, was hired by the Antioch Grade School board last night to teach kindergarten at the Oakland School.

Tuesday night's school board meeting was the first for two new members of the board, Joan Toft and Oliver Hunt. Leslie Sorenson was re-elected as president of the board and Elroy Anderson as secretary.

Teachers' applications were reviewed by the board. Herbert Rose was assigned to the Antioch building of the

## GOP Women to Hear McClory at Luncheon

Congressman Robert McClory will be the featured speaker at the 12th Congressional District Women's Republican Club luncheon on Monday, April 27, at the Waukegan Inn. Mrs. W. C. Petty is the Antioch chairman for the event.

All interested women are invited to make their reservations by April 20.

70 votes, William J. Scott, 63; Robert Coulson has 58 votes for State Senator to Douglas MacGillis' 81; W. J. Murphy had 111 votes for delegate to the state representative nominating convention; Bruno Stanczak polled 90 votes for State's Attorney nominee to Paul Hamer's 45, and in the race for the coroner nomination it was Robert Babcox, 98, to Orville Clavey's 42.

Democrats in precinct 3 cast 17 votes for Lyndon Johnson for president, 1 write-in for Lodge and 1 for Barry Goldwater. Ezra L. D'Isa had 33 votes for Democratic nominee for State's Attorney and Julia Chonis had 30 votes for County Auditor.

Precinct 1 in Antioch gave Bernard Osmond 258 votes for Republican committeeman. A total of 391 votes were cast, 88 Democratic and 303 Republican. Precinct 1 Republicans gave Pat Clavey 147 votes as coroner nominee, Mickey Babcox 142, W. J. Murphy had 228 votes for Delegate.

Precinct 4, voting at Grass Lake School, reported 403 ballots cast, of which 21 were absentee votes. There were 364 Republican ballots, 39 Democratic ballots. Precinct 4 gave 142 votes to Barry Goldwater for Republican presidential nominee, 76 to Margaret Chase Smith, and write-in votes of 4 for Governor, Wallace, 46 for Nixon and 17 for Lodge. For Governor, Charles Percy polled 241 votes to William Scott's 97. For Auditor of Public accounts, James F. Hegnessy, 164. For Attorney General, Jack Sperling had 206 votes. Robert Coulson had 281 votes for State Senator to MacGillis' 49. W. J. Murphy had 292 of the votes for delegate. Bruno Stanczak had 199 for State's Attorney to Hamer's 74. Mickey Babcox had 260 for Coroner over Pat Clavey's 88.

Precinct 5, voting at the Channel Lake School, showed a total of 200 Republican ballots cast, 123 Democratic. Goldwater had 91 votes, Margaret Chase Smith 51. For Governor nominee, Percy had 117 votes, Scott 73. Elmer J. Hoffman had 101 votes for Secretary of State. Attorney General Jack Sperling 81 to Sanquist's 44. Coulson had 133, MacGillis 44. W. J. Murphy polled 146 votes. Bruno Stanczak, 128, Paul Hamer 48. Babcox 93 to Clavey's 97.

Precinct 5, with the heaviest Democratic vote of the Antioch precincts, had 51 votes for Lyndon Johnson for president and one write-in on the Democratic ballot for Henry Cabot Lodge. Otto Kerner drew 101 votes for Governor. "Mark" Turner had 58 votes for delegate to the national nominating convention, with Bolger, his closest opponent, getting 54. In his home precinct, precinct 2, "Mark" Turner had 67 votes for delegate to Bolger's 19.

Elmer Hoffman, as Republican nominee for Secretary of State, was a heavy favorite in the Antioch precincts where figures were obtainable. Precinct 3 gave him 103 votes, precinct 4, 248 votes and precinct 5, 101.

The Antioch team made 7 bobbles while the Blue Devils only edored three times.

## Sequois Top Warren 13 to 8

The Antioch Sequoit baseball team got into the win column Tuesday evening as they defeated Warren at Gurnee 13 to 8. Bob Lenczewski got credit for the victory, giving up 10 hits.

The Sequoits batted around in the second inning for a big 6 run burst and then scored again in the third, fifth and sixth innings to tally their 13 run total on 15 hits.

The Antioch team made 7 bobbles while the Blue Devils only edored three times.

### Would You Have Helped?

Last week, in New York, at least 37 people watched as a young woman was killed. No one made a move to help her, or even called the police till it was all over.

The watchers didn't have the excuse that it happened before they could collect their wits and realize what was happening. The killer pursued his victim for half an hour, stabbed her several times, left and came back to finish the job. Those watching heard her cries and pleas for help, saw the victim and her killer clearly enough to give a good description. But no one interfered.

It should be incredible. That in America, "the land of the free and the home of the brave", none of those who watched would interfere, even to call the police.

It isn't.

All, afterwards, said they didn't want to be involved. How many times have you heard that lately? Not always in those same words. Sometimes it's "I don't want to get mixed up in it." "It's none of my business." "I'm in business. I can't afford to take a stand."

After World War II we condemned the people of Germany who stood by while their leaders slaughtered millions of Jews. By keeping silent, we said, they condoned the act.

Maybe, now, these 37 people understand how this sort of thing can happen. Maybe, we all should stop and consider how it can happen.

It happens when people no longer feel individually responsible for what happens in their neighborhoods, their counties, their state, their country. When they try to turn their responsibility over to governing bodies, police, school boards, all the agencies that are supposed to carry out the bidding of the citizens, not relieve them of responsibilities.

How easily a Gestapo could take over America when once we reach the point where people will stand by and watch, without interference, without question, as others are mistreated!

The 37 people who silently watched the murder of a young woman will probably never feel safe again. It will dawn on them that should they ever be in trouble, it is more than likely that their plight will be ignored as they ignored the plight of their fellow human being.

None of us will be safe if we refuse to help each other.

### National Library Week

Libraries as busy workshops where persons of all ages can seek knowledge as a concept we all should ponder during National Library Week, April 12-18.

Our libraries—public, school, college, pri-

vate—make it possible for us to share the experiences of the world that was and the world that is. They also provide youngsters with guidelines toward the intricate and complicated world of the future.

Late President John F. Kennedy before his death wrote: "I hope very much that National Library Week will have widespread citizen participation and that it will serve to encourage all of us to improve libraries and to stimulate reading throughout the nation."

In our dynamically changing society, libraries have an increasingly important role. First, they are essential to students of all age groups.

With increased leisure resulting from automation, libraries also offer a treasury not only of reading solely for pleasure but of information on hobbies, avocations, and ways to become better and more informed citizens.

For senior citizens, years of retirement can be truly golden years with the aid of libraries and trained librarians. Discussion groups sponsored by libraries offer a forum of ideas for stimulation and companionship.

For the busy adult person in professions, business, labor, the reference librarian is an essential advisor. But to be able to answer the questions posed to her, she must have the books, magazines, pamphlets, newspaper clippings that provide the required information on hand.

Libraries are usually the poor relations in a community's budget. The budget for the Antioch Township Library runs about \$13,000.00 a year. Compare this to some of the other items in the town's budget. For example, a new Village Hall was built at a cost of \$21,000.00—and this is paid for by the residents of only the Village of Antioch. Library costs are paid by all the taxpayers of the township.

A good library is invaluable to the people of a community. Stocked with good reference books in a variety of subjects, it will be widely used by adults and children alike.

The high cost of good books, along with the fact that few people have room for a large library in their homes, makes it impractical for each person to buy the books he needs or would like to read. A good public library is a good investment.

### Courthouse Notebook

BY LOU DURKIN

Break out the gauze and iodine and start patching the wounds in the Republican Party.

It may be a little early for peace and harmony to reach full flower, but before long the handshakes and backslapping will be given a little more freely and accepted a little less warily.

At the county level the Republicans are still strong enough to ward off any serious Democratic challenge, but any scars that remain after Tuesday's balloting could seriously reflect on the total GOP vote for state officers.

The Democrats can now go into the general election campaigning well-armed with ammunition furnished by the battling Republicans and the big problems will be convincing the uncommitted voter that the charges that they are levelling really originated with the Republicans and are not "just campaign oratory."

The death of Hugo Schneider, Jr., former Lake County Treasurer and Probate Court Clerk, stunned his many friends and for thousands in Lake County is was like a loss in the family.

Hugo typified the highest standard of politician and let's have none of that statesman or "public servant" rationalizing.

Hugo Schneider rubbed off much of the tarnish on the politician image and for this reason alone he would be missed by many.

But he will also be missed by his friends, and I'm proud to include myself in that grouping, because he was a "right guy."

Organization of the county board under its new chairman, Kenneth Henke, of Benton Township, takes over the spotlight today even while explanations are still being made of Tuesday's balloting.

The Committee on Committees will submit its recommendations for committee assignments and there will probably be some notable changes even though there is little change in the basic power alignment on the board.

To considerable extent the committee assignments were tacitly agreed upon by Henke and the board members while he was busy lining up the 28 votes which put him into office last Thursday.

NOW HEAR THIS: Have you heard those wedding bells ringing in the Antioch News office? Won't be long now. . . . Betty and Jane Meyer (Mrs. Art and Mrs. Bill, respectively) jointly became airborne for the first time as they jetted southward to Miami last Wednesday. . . . Did you know that we have a T.O.P.S. (Take Off Pounds Sensibly) club in our little ol' town? They secretly steal into the meeting room of the Savings & Loan building regularly, to urge each other in to a slimmer and trimmer self.

THE LATEST REPORT: flow about the local politico whose wife Ill. Belled for Clavey while he carried a Babcock sign on his ear. . . . Marge and Doc Solar and Gen and Bernie Osmond "dipped", "dived", and "rested" at the Wagon Wheel in Rockton, for a few days last week. . . . warming up the links for all you lovers of the game of golf, are George Plack and Leonard Roblin, who intend to shoot in the 80's this year, and maybe even if it's a little cooler.

THE LAST DROP: Congrats to the "old" (don't take it literally folks) Lakeland Players group who turned over the left over coffers of the former club to our new P.M.&L. . . . by the way, be sure and treat yourself and a guest to the "Moon is Blue" at the P.M.&L. theater either this Friday or Saturday night.

Let's support this "much needed" form of entertainment in our community 'ere it has close its doors for lack of cooperation on our part. . . . our goal Poll is back at the grindstone after a bout with something or other, and she claims it wasn't Henry!

By Pearl Kapell

You may have noted that the township budget, approved last week, was about \$40,000 higher than the previous year.

Town Clerk Laurel Van Patten supplied us with a breakdown of some of the costs for the last few years. In 1960, \$10,000 was budgeted for the Town Fund, nothing for the Poor Fund (there was a balance left from the previous year).

In 1961, \$15,000 budgeted for the Town Fund, nothing for the Poor Fund.

In 1962, \$30,000 for the Town Fund, \$10,000 for the Poor Fund. In 1963, the same budget as in 1962. In 1964, \$44,000 budgeted for the Town Fund, \$30,000 for the Poor Fund.

Mr. Van Patten says that \$14,536.73 was spent on the Poor Fund in 1961, \$28,824.26 in 1962, and \$22,577.83 in 1963. This includes hospital bills, the County Home, and doctor bills in addition to expenses such as rent, food, etc.

To no one's surprise, Kenneth Henke, Benton Township supervisor, was elected chairman of the County Board last week, replacing Robert J. Dickson.

Seems as though Antioch GOP politicians aren't seeing eye to eye quite so well as usual. Murrie supports Henke, who obviously believes in bigger and better planning committees. W. J. Murphy has come out as opposed to Lake County's participation in the Metropolitan Planning committee, as being a waste of money.

For big executives a "balanced diet" consists of ten dollars worth of pep pills and ten dollars worth of tranquilizers.

## SPEAKING TO YOU

By John Burlend  
Director of Social Studies,  
Rockford East High School

You probably read about the murder of Catherine Genovese in the Bronx a few weeks ago. She was returning from her all night job at 3:20 in the morning. She was attacked by a mentally unbalanced prowler with a knife. Her screams awoke people in the quiet residential area; he assailant fled as the lights switched on in the surrounding homes and apartments.

He returned to renew the attack, was again frightened by the lights and window spectators, but returned a third time to complete his ghastly job on the wounded and helpless woman. Thirty-seven people witnessed the attack; not one ventured into the street in her defense; no one called the police until after she was murdered. They arrived within two minutes after they were summoned; a phone call would have saved her life.

The shocked and disturbed police interviewed the watchers. They didn't take any action because "they didn't want to get involved."

It is easy to become very indignant at the smug and self-contained 37. There is something monstrous in our entire neighborhood that didn't mind murder if it were done quietly and effectively. They were a little indignant over the fact that their sleep was interrupted three times in a little over half an hour.

Well—there are a good many of us who do not want to become involved—in our nation, in our century. So long as our little channel of life is undisturbed, so long as our meat platter is heavy with thick steak, so long as our home is not invaded, we do not intend to get involved. We know the answer to that eternal question: we are not our brother's keeper.

The brutal fact is that if we are not concerned with what happens to others, we undermine our own security. It is just as true in 1964 as it was in the 17th Century when John Donne penned the words, "No man is an island unto himself. The comfortable burghers of Germany who turned their eyes and closed their ears so that their

senses were not offended by the butchery of the Jews in 1937, were paving the way for the destruction of Hamburg and Berlin.

We have an obligation to cast out the ignorance in our own minds; unless we relentlessly pursue truth wherever it may lead, we become the minion of the propagandist. If we are content with half truths and perjury just because we want to pander our prejudices, we are guilty as the disturbed sleepers in the Bronx. Do you earnestly try to know the facts before you sit in judgment? Do you listen to the arguments of those who have different ideas than your own? You are a faithful foot soldier of democracy if you are unwilling to inquire, "What is the truth?"

Would you want to know the truth about poverty if the facts disagree with what you want to believe? Would you support your union, or the Chamber of Commerce, or your professional organization when you know they are wrong because it is unpopular to oppose your gang? If in your heart you believe that every citizen has equal rights, would you speak up for Negro rights when you are the only one in the club with that belief?

Someone once said that if democracy is to succeed, the ordinary man must be something of a hero and something of a saint. But heroism seldom comes in spectacular actions. It comes in quiet little meetings, in the market place, on the steps of the courthouse where the noisy bully holds forth. It takes a quiet heroism to battle the intolerant, little by little, day by day.

The people in the Bronx are nice people, too, very much like you. If they had left their nice warm homes and gone out in the street, they might have been stabbed. If they had called the police, they might have been called into court as a witness. A pity the woman was killed, of course, but better not get involved. Why didn't the fellow across the street do something? The folks in history who

### Case of the Bargaining Dealers

When you trade in your used car on a new one, it is often the case that the dealer's work has only begun in the arduous business of disposing of your used model at a price that will leave him a profit on the whole transaction.

As sometimes happens due to lack of storage space, or because he has too many of this particular model, or other reasons, a dealer must use a car to another dealer.

When this happens as might be imagined, quite a bit of price bargaining goes on between buyer and seller, sometimes with a very humorous twist.

This was the case recently when two dealers ended up arguing over a windshield with a pinhole in it that the buying dealer thought should be good for \$50.00 off the price.

"Come off it now," said the selling dealer. "You KNOW you wouldn't replace that windshield!"

The buyer kept insisting he would and finally won out on the deal. The sale agreed upon, the selling dealer then treated the buyer to a coke from a nearby cooler.

With the papers all signed and the transfer of titles completed, the selling dealer, finished his drink and walked over to the windshield to examine it more closely.

"It seems a shame," he said, "on accounts of such a little flaw. But since you're going to replace it anyway . . ." and he swung his empty bottle at the windshield and smashed it completely.

## Letters to the Editor

I was interested in your editorial of last week but let's get the city cleaned up a little, getting things out of the way first. Three big trees next to the A & P store—they cemented all around the big tree and it should have been removed first. And a few feet further there are two more trees, one half dead with the upper branches all broken.

It's a matter of walking around them or walking into them, also a cement flower pot? there too. The concrete walk is not so good either, all broken and all this winter what little snow we had it was never shoveled off. Who owns this? Why don't the city get it shoveled off or the city before you have a damage suit to defend. Or maybe the City of Antioch should do this.

And coming out of the Jewel Tea Store, did you ever try to get out of there on a busy day? Cars are parked on Lake street on the Jewel side because there are meters there. Take away two meters and move them down about twenty feet as when cars are parked there you can't see down Lake street. Put up a "no parking" sign and keep this space open. You won't lose any parking meters and if you do, what is the income compared to a life?

To the Editor:  
"I know where my own shoe pinches me."—Cervantes.

Former Chairman of the County Board Dickson, spent part of the Thursday, April 9 meeting trying on a pair of "Public Benefit" shoes he had so eloquently advocated for the people of Lake County—when Public Works was just a gleam in an avaricious eye. Possibly the manufacturer's label (Conservancy District) instead of its competitor's (Public Works) made for biased judgment. What over the cause, the Spring model of "Double Taxation and Duplication of Services" pinched his toes on the one foot and rubbed his heel on

the other. Mr. Dickson can't wear them, he says, and has asked his fellow supervisors to boycott the County (Conservancy District) too.

Mr. Dickson must have listened carefully to the arguments of the Lake County Public Water District when it was opposing the formation of Mr. Dickson's patronage project, Public Works. The arguments stated by the Public Water District against Public Works were dubbed "innuendo and half truths" then, but evidently Mr. Dickson feels they were convincing enough for him to employ them now in his struggle against the "viciousness" (his terminology) of river conservancy districts. It is refreshing to know that he realizes double taxation is vicious, that duplication of services (even in County government) is wasteful, expensive and unfair.

It is refreshing too, that our Chairman of Public Works has decided that the County is capable of solving its problems at the County level. That makes our participation in NIMAPC (Northern Illinois Metropolitan Area Planning Commission) unnecessary. I presume Mr. Mullins can be counted on to move at a Supervisor's meeting in the near future that Lake County withdraw from NIMAPC and save the \$5,000 which is allotted for Lake County participation.

The proposed Conservancy District may not be realized, but it has had a measure of success already in eradicating "pollution." 1. Mr. Dickson is now aware of the "viciousness" of double taxation and duplication of services. 2. Mr. Mullins is convinced that the County needs no outside help in solving its problems, which should decrease the cost of County Government enormously.

## Watch Out For Chuckholes

The Chicago Motor Club cautions motorists that this is the season to be on the lookout for chuckholes.

Chuckholes in the pavement of our streets and highways result when water, frozen in the road surface, thaws, causing the pavement to break up. The holes can be extremely dangerous and

some aspect of State business that was mentioned in one of these columns. In a number of cases, we've been able to help persons who needed available services. I think you have truly performed a public service in printing this series.

Though the column has always been informative and non-political in nature, I realize it could give me an unfair advantage over the other candidate for Governor in this political year, in addition to causing possible complications for you. Therefore, I am discontinuing it, effective April 16.

Once again, thank you for your help.

With best wishes,  
Sincerely,

Gentlemen:

I would like to have you insert the following letter in your column of letters from readers if you have such a column and if Wilford N. Palmer is not a subscriber send him a copy and bill me.

It is very gratifying to know that there are honest people in this world when one reads of so much crime and graft in the newspapers. I left my car parked along side the highway near Kenosha. It had stopped and I went to Kenosha to get repair parts. I returned and found a scratch on the car. Inside I found a card from Wilford N. Palmer, Ingabill Construction Co., Rt. 2, Antioch, Illinois, advising that he had scratched my car. It made me feel wonderful to know that there are such honest people in this world.

can cause extensive damage to your car.

Your car's tires can receive damage from striking a chuckhole which, if undetected, could eventually cause a blowout. Hitting a chuckhole also could put your wheels out of alignment, which in time would result in severe and uneven wear on the tire, motor club safety experts say.

It is possible that if you run onto a deep chuckhole at high speeds, you might even break an axle or overturn your car.

The motor club cautions that motorists should not be lulled into a false sense of security because roads and highways are free of ice and snow. Motorists should be alert for chuckholes so that they have time to avoid them. However, if you find you are approaching a chuckhole rapidly, don't stop or swerve suddenly. This could result in a collision with following or oncoming vehicles.

The motor club urges drivers to be alert for road crews which at this time of the year are likely to be out repairing highway surfaces.

## Engaged

By Mrs. Bernice Bernau

Judith Sorenson

Mr. and Mrs. Einar Sorenson of Route 2, Antioch, are announcing the engagement of their daughter, Judith Winnifred, to Gregory Arthur Dubas, son of Mr. and Mrs. Chester Dubas of 314 Lake Shore Drive, Lake Villa. Miss Sorenson was a swimming instructor at the Antioch Pool the past two years and is a graduate of Salem Central School at Paddock Lake, Wis. She attended LaCrosse State College for one year.

The prospective bridegroom is a graduate of St. John's Prep School, Collegeville, Minn., and has assisted the manager of the Ben Franklin Store in Antioch for the past two years.

They plan on being married October 3 at St. Peter's Church in Antioch.

## Wins Wings

Trudy Good

Miss Trudy Good, of Antioch, has "won her wings" and is now a stewardess with Delta Air Lines.

Based in Chicago, she completed the 4-week training course at Delta's Stewardess School at the Atlanta Airport and is now proudly wearing the chic beige uniform and cap of the nation's fifth largest airline.

Daughter of Mr. and Mrs. Walter Good, Antioch, she attended Northern Illinois University and Florida State University where she participated in sports activities.

Miss Good was formerly employed with Quaker Industries, Inc.

There will be a get-acquainted night on Saturday, April 18. Bring in your prospective new members for a sample of Moose hospitality at the Antioch Moose Home.

On Sunday, April 19, there will be a breakfast served from 7:30 to 9:30, with an initiation of new members at 10 o'clock. The Antioch Moose Ritual team will perform the ceremony. Ladies may come to the breakfast.

There will be an Antioch Legion of Moose get-together on Sunday, April 19, at 4:30 p.m. at the Moose Home.

A business meeting will be held followed by a pot-luck dinner and entertainer.

## V.F.W. SPONSORS PANCAKE BREAKFAST

The Veterans of Foreign Wars are sponsoring a Pancake Breakfast Sunday, April 19. It will be held at the Antioch Savings & Loan Community Room, with serving from 8 a.m. to 1 p.m.

## Grade School PTA Will Hear

Dr. Connell Medley of Waukegan will speak on the field of Orthodontia when the Antioch Grade School PTA meets at the school at 8 p.m. on Monday, April 20. Orthodontia is the corrective work performed on children's teeth.

The nominating committee will present the slate of officers for the coming year.

The hostesses for the evening will be the first grade room mothers including the Mesdames Poulos, Stahmer, Herbert and Hoerich.

## Homemakers Meet Orthodontist

The 32nd Annual Meeting of the Lake County Homemakers' Extension Association (formerly Home Bureau) will be held on Wednesday, April 22, at Illinois Beach State Park Lodge at Zion. Hundreds of members from all 21 units in Lake County will gather at 10 a.m. for the annual business meeting. Mrs. Norris Roberts, County President, will preside. Reports of the year's activities will be given by County Council members and Home Advisers.

New Council members will be elected for the coming year.

Members of the hostess units, Avon and American, are busy planning luncheon table decorations and favors. Tickets for the luncheon may be purchased from the County Office at the Fairgrounds or from unit presidents.

During the afternoon session a program "The Best of Broadway" will be given by Mrs. Ann Varese, a professional actress.

The Howe 4-H Club will entertain by putting on a style show with Rachel Naffziger as commentator. One of their members, Betsy Podboy, will give a vocal solo.

## M.Y.F. ELECTION

The M.Y.F. of the Methodist Church elected officers for the next year at a recent meeting.

Elected were: President, David Chandler; vice president, Jim Sorenson; secretary, Avon Dyer and treasurer, Betty Cheatham.

## Scout Leaders Plan Dinner

Boy Scout Leaders from Western Lake County will hold their annual dinner meeting on Wednesday, April 22, at the Mundelein High School cafeteria, at 7 p.m.

The special features of this meeting will be a report of the election and the installation of the new North West District officers for the coming year. Scout Executive E. A. Schwechel will install the newly elected officers.

District Chairman Jack Forney, of Libertyville, announces that there will be six special awards given to outstanding scout leaders for their contribution to youth in their communities. Formal presentation of these awards will take place.

Guest speaker at this dinner will be "The Quaker Man." The striking figure with whom the American public has become familiar on Quaker Oats packages since 1877 has been brought to life to bring a message about the America we know to audiences all over the country. Clad in the garb of colonial days Mr. Quaker will speak to the more than 200 North West District Scout leaders and their ladies.

Since 1954 Mr. Quaker has spoken before more than two million high school students and adults in this country on America's heritage and democratic principles. This theme is one which is being emphasized to the entire scouting population of the United States this year.

In real life Mr. Quaker is Val Gould, well known actor, dramatic reader and TV personality.

## "Hobby" Lecture at Woman's Club

The speaker for the program of the Antioch Woman's Club on Monday, May 20, at 1:30 p.m. will be L. E. McCloy of Chicago. His illustrated lecture is entitled, "Now I've Seen Everything," or the Romance of Hobbies.

A board meeting, starting at 12:30 p.m., will precede the program. Some 35 hobbies will be illustrated and discussed in this story, and current-day hobbies will be contrasted with those of long ago. Particular emphasis will be placed on the necessity of a hobby program, due to the stress of modern living.

The McCloyes come well recommended, having appeared before over 400 clubs throughout the state.

The annual luncheon meeting of the 10th district will be held on Wednesday, April 22, at the Highland Park Woman's Club. Anyone wishing to attend may make reservations with Mrs. Ted Larson by April 18. The three literary award winners from the Antioch Woman's Club will receive their citations at this luncheon.

## "Life with A Song" Theme of Meetings

"Life With A Song" is the theme for a week of meetings April 19 through 26 at the Fox Lake Baptist Church with the Rev. Robert K. C. Paulson as the guest speaker.

The Rev. Robert Paulson is the pastor of the Baptist Tabernacle in Kenosha, Wis., where he has served for the past two and one-half years.

Ed Wilmington and Glenn Bozen are gifted young men from the Baptist Tabernacle who will direct the music during the series of services. Other guest musicians include Rev. Marshall Peterson and Paul Leafblad of Waukegan, Mrs. Elwyn Eternick of McHenry, and Mr. and Mrs. Lloyd Hoff of Grayslake.

The services are designed for the interest of the whole family including features for the children and nursery care for infants.

The first service will be Sunday night, April 19 at 7:00 p.m. continuing each night Monday through Friday at 7:30 p.m. Rev. Paulson will bring the concluding messages on Sunday, April 26, at 11:00 a.m. and 7:00 p.m. Everyone is welcome.

## DEATH NOTICES

### LILBUSE NOVACEK

Miss Lilbuse "Libby" Novacek, 47 years old, of Camp Lake, Wis., passed away on Monday, April 13, at 4 p.m. in Kenosha Memorial Hospital where she had been confined since Friday. She was born May 1, 1916, at Cicero, Ill., then resided in Willow Springs and Berwyn, Ill., before making her home at Camp Lake in 1928. She held membership in Wilmot Chapter No. 204 of the Order of Eastern Star at Wilmot, Wis. She had worked as a librarian for three years at the Wilmot High School, then worked three years as a telephone operator for General Telephone Co. at Wilmot.

She is survived by 1 brother, Frank J. Novacek, of Chicago, and one sister, Miss Sylvia Novacek, Camp Lake, Wis. She was preceded in death by her father, James Novacek, on Feb. 17, 1953 and her mother, Josephine Novacek, on April 6, 1953.

Funeral services will be held at 1:00 p.m. today (Thursday) in the Strang Funeral Home at Antioch. Interment will be in Bohemian National Cemetery in Chicago. Rev. H. Chase Page of the Salem Methodist Church will officiate at the services.

### JOSEPH TICHY

Mr. Joseph Tichy, 83 years of age, of Cross Lake, Wis., near Antioch, passed away on Tuesday, April 14, at 2:55 p.m. in Kenosha Memorial Hospital where he had been confined for two hours. He had been sick for about two days previous to his admission in the hospital. He was born Feb. 10, 1881 in Austria, and came to America 60 years ago to reside in Chicago where he lived until moving to Cross Lake in 1950. He retired in 1950 as a tailor, having worked for Breen Cleaners at LaGrange, Ill., before his retirement. He was preceded in death by his wife Elizabeth (nee Drnek) Tichy on May 10, 1960. His only survivors are one daughter, Mrs. George (Mary) Chellus of Chicago and two grandchildren.

Funeral mass will be held at St. Peter's Church in Antioch at 10 a.m. on Friday. Interment will be in Maryhill Cemetery at Niles, Illinois. Friends may call at the Strang Funeral Home in Antioch after 2 p.m. on Thursday until time of services.

## SAFEGUARD YOUR HEALTH

### A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

#### DON'T UNDERESTIMATE HAY FEVER

Are you bracing for your annual spring bout of hay fever with nasal congestion, watery eyes and itching of the palate?

Just because you have tolerated these symptoms for years, DO NOT make the mistake by thinking that your hay fever is not a serious condition.

The chronic irritation resulting from this allergic disease can be the cause of sinus infection, nasal polyps and even lead to bronchitis and emphysema.

Fortunately, these serious consequences can be prevented by seeking medical treatment. Your physician can control the annoying symptoms of hay fever with antihistamines or decongestants.

DO NOT become a victim of self-medication by experimenting with pharmaceutical products that can be purchased with a prescription. Any medication must be tailored to the individual; self trial and error can aggravate the condition. Only your physician can prescribe the proper combination of medications to give you the necessary relief from the symptoms.

If you consult him early, he can have the necessary skin test performed to determine the specific allergens responsible for your hay fever. From this information he can have a specific serum patterned for your specific allergies and begin a series of desensitizing injections. This type of treatment may be administered seasonally or co-seasonally—but in the final analysis only your family physician or your allergist can make the decision.

### TROOP 201

#### The Cadettes Do It Again

By Christine Johnson

The Cadettes of Troop 201 held a successful Easter Egg Hunt last April 4th. The original date was March 28, but the weather got in the way. The hunt was postponed until April 4th.

Candy eggs and hard boiled eggs were hidden around Grass Lake School. Many prizes were given away. The hunt was put on as a service and to receive a badge. Besides, the crowd was having a good time. The Scouts did, too.

### GIRL SCOUT TROOP 201

Girl Scout Troop 201 gave

### Trout to Appear with Vocalists

On Friday night only, May

1, between the hours of 7

p.m. and 8 p.m., Paul "Diz"

Trout, of the Chicago White

Sox, and Ned Locke, ring-

master of Bozo's Circus, will

sign autographs for the chil-

dren who attend the Vocal-

ists' spring musical with an

adult ticket holder.

Entitled "Spring Phant-

asia" the musical will be

held May 1-2-3 at 8 p.m. at

the Mundelein High School,

Mundelein, Ill. Proceeds will

go to the Citizens Scholar-

ship Fund of Mundelein, Lib-

ertyville Little League, Rosa

Kahn Nursery School, and

the Grove School for handi-

capped children.

Paul "Diz" Trout spent

his entire major league ca-

reer pitching in the Ameri-

can League. During his big

league career, which spanned

from 1939 to 1952 "Diz" re-

gistered 170 victories against

161 setbacks. Trout pitched

for Detroit for 13 years. His

greatest year was 1944 when

he won 27 games while losing

14 as he hurled the astound-

ing total of 352 innings. He

had a brilliant ERA that year

of only 2.12. That season he

led the league in complete

games (33) and in shutouts

with 7.

Besides meeting Mr. Trout

and Mr. Locke the children

will receive balloons, and

souvenirs of major league

ballclubs. The adult ticket

is also good for the show

any of the three nights.

Also appearing with the

Vocalists will be the Art

## Garden Clubs Work for Scenic Beauty

The week of April 15-21 has been proclaimed "Keep Illinois Beautiful Week" by Governor Otto Kerner, in cooperation with the clean-up beautification campaign of The Garden Club of Illinois, Inc., and a nation-wide program of The National Council of State Garden Clubs.

In part Governor Kerner's proclamation states that "The Garden Club of Illinois, Inc. (is) sponsoring a campaign to be named 'Keep Illinois Beautiful Week' in cooperation with public officials, civic organizations, schools and colleges, churches and temples and Boy Scouts and Girl Scout organization (with) particular emphasis on eliminating litter strewn carelessly upon streets, highways and waterways."

Mrs. Edwin S. Hewitt of Libertyville, state president of The Garden Club of Illinois, Inc., in announcing the "Keep Illinois Beautiful Week" to the 12,000 members of the state organization said:

"We will cooperate enthusiastically with this effort. Let us all plan to keep Illinois beautiful and to work in our own areas. Let Mrs. E. A. Nielson, our Litterbug chairman, Lake Forest, know what you are planning to do. No project is too small—or too high!" Mrs. Hewitt further emphasized that Illinois garden clubs work with their local government and civic

## What To Study?

This is one of a series of articles from the U. of Ill. for the information of students planning to enter college and their parents.

URBANA, Ill. — When a high school senior decides he wants to enter the University of Illinois he must, to a certain extent, make a decision concerning his choice of careers.

This is because a student makes his application to a particular college of the university, rather than to the university in general. This does not mean, however, that the student has restricted himself to a certain area once he is accepted at the university.

The university is quite flexible in this respect.

As William Gilbert, director of student counseling service at the university, pointed out: "Many of our most successful students make relatively late choices and the program in high school and in colleges and universities are of such a nature that a person can usually make even significant shifts from one vocation area to another without any important loss of time."

"So don't be concerned," said Gilbert, "if your son or daughter has not made an

early vocational choice." A student should not hold back from registering at college because he is not certain that a particular vocation will always be his choice. He should, after careful consideration, decide which area he feels is his best choice and then apply to the college at the university which deals with that area.

During the coming summer the student counseling service at the university will offer individual interviews to all entering freshmen who have taken the freshman guidance examinations.

The interviews provide an opportunity for students to learn the results of their examinations so they can discuss their individual aptitudes, interests and problems. They may see then how these are related to their college careers and vocational plans.

The counseling service is available to a student at any time during his college career.

The Rummage and Bake Sale, held at the Emmons School, Beach Grove, on Saturday, April 11, was a huge success, stated Mrs. Roger Drie, Parents' Club president.

Families in this 33rd school district, are requested to contact Mr. John Yards, Superintendent, if they will be registering their children for first grade this next September. Sixteen pre-registration forms have already been sent in.

Mr. and Mrs. Alex Hoffman, Grass Lake, were recently surprised by a visit from their two nephews and families from Winnipeg, Manitoba Province, Canada. Mr. and Mrs. Arthur Hennig and son, Arthur, Jr., and Mr. and Mrs. Irving Hennig, and son, Irving, Jr., were here on their first visit to the United States. The two grand-nephews, Arthur and Irving, Jr., are teachers in the Winnipeg schools. They enjoyed a tour of Chicago, including the O'Hare Airport, and the Prudential Building. They had an escorted tour of the Chicago Police Department, and the Narcotics Bureau by two cousins who are private detectives for the Narcotics Squad. The Hennigs were very favorably impressed by Chicago, and its various sources of education and culture.

# ACHS Track Squad Flexes Its Muscles

The Sequoia track squad showed some of its power Monday afternoon when they took first place in 12 of 14 events and outpointed Grayslake 87 1/2 to 29 1/2. The dual meet was the first of the 1964 season on the Sequoia cinders.

"Some of the times turned in by the boys were very good," Coach Roger Andrews said, "considering the 30 mph wind we had to contend with."

Bruce Dalgard took first in the 120 high hurdles with a time of 16.9 beating last year's conference champ in this event, Kay, by 1.6 seconds.

Tom Morgan ran first in two events, taking the hundred yard dash with a time of 10.6 and then running the 220 in 25.7. Jim Effinger ran the 880 in 2:16.2 to place first ahead of teammates Jim Sheppard and Martin Swode.

Other first place winners in the track events were Tom Tantlinger in the 440 and Tom Wojnowiak in the mile. Tantlinger ran his event in 57.2 and Wojnowiak in 5:21.4.

Antioch dominated all the field events, placing first in all but the discus, where Lon Ipsen and Bob Flood finished second and third behind the Rams' Brad DeZurich.

Vince Casella tossed the shot put 46' 2" to place first ahead of Teammate Lon Ipsen with 42' 9". Jim Edwards, Bruce Dalgard and Bob Schenk finished one, two, three in the broad jump. The winning distance was 19'.

Jim Sheppard and Jerry Smith took the pole vault with heights of 9' 6" and 9' respectively. The high jump event, held inside due to the weather, was won by sophomore Bob Schenk with a leap of 6' 1/4". Edwards of Antioch and DeZurich of Grays-

lake followed with jumps of 5' 6" and 5' 6" respectively. The Sequoia relay teams took both the 880 and the mile events with times of 1:41.6 and 3:57.8.

Dave Fabry carried the load for the frosh-soph squad as they won their end of the meet 68 1/2 to 45 1/2. Fabry placed first in three events, the 100 yard dash, the 180 yard low hurdles and the 220. His time for each event was 12 seconds flat in the hundred, 24.1 in the hurdles and 28.1 in the 220.

Other winners for the Sequoia preps were Don Anderson in the 440, Tyrone Walls in the broad jump and Glen Oftedal in the high jump. "Oftedal's leap of 5' 2" is very good," Andrews said, "and should be close to a school record for freshmen."

The Sequoia will host a

## Fishin' Good In Chain, Say Resort Owners

By Harry H. Stern

Chain O' Lakes crappies have started on their annual "looked for" spring run into the dead end channels, an event that makes fishermen's hearts beat faster as these silvery prizes strike avidly at offered baits.

First report of the season came from Earl Beese, operator of Beese's Boat-In, on Spring Lake channel, Grass Lake Road, who told of hundreds of crappies landed Sunday, as the run began. Several fishermen filled up five gallon pails while others chucked up 30, 40, 50 and sixty plus scores. Minnows and pinkies were doing the business, and to a lesser degree, crappie-killers.

Bullheads also are on the move, with two fishermen chalking up over 40-piece scores, and a third scoring twenty-odd. This brand of fish was taken on night crawlers. Beese said all of the fish were fairly good sized and that the action was sustained.

"Windy Victor," head of sales personnel at Sorenson's Bait & Bull Foundry reports that they have a good supply of pinkies, crappie-killers, night crawlers and crappie minnows in stock and can handle the expected run for these necessary accoutrements.

At the time of going to press, no reports have been received from other places on the Chain in regard to fish activity.

There will be an interest-

## Sequoia Lose 1st Ball Game

The Antioch Sequoia lost both ends of a double header to Grayslake Saturday as they opened their 1964 season. Playing on their home diamond for the first time this season the Sequoia gave up eight runs in the first three innings behind starting pitcher Norbert Wolter.

Jim Wojcynski came on in the fourth and held the Rams scoreless until the final inning when they came up with two more for the final 10 to 7 score.

The Sequoia out-hit the Rams 11 to 0 with Wojcynski collecting 2 for 3 including a home run. Dick Davis showed power at the plate for Antioch, getting 3 for 4 with 2 doubles. The winning pitcher was Kim Baker with Norb Wolter getting credit for the loss.

In the second game Bob Lenczewski gave up 15 hits and 12 runs as he went all the way to be credited with the 12 to 8 loss. Dick Davis, Jim Barnstable and Pleviak kept the hopes alive for the Sequoia as they rallied for a big 4 run seventh inning.

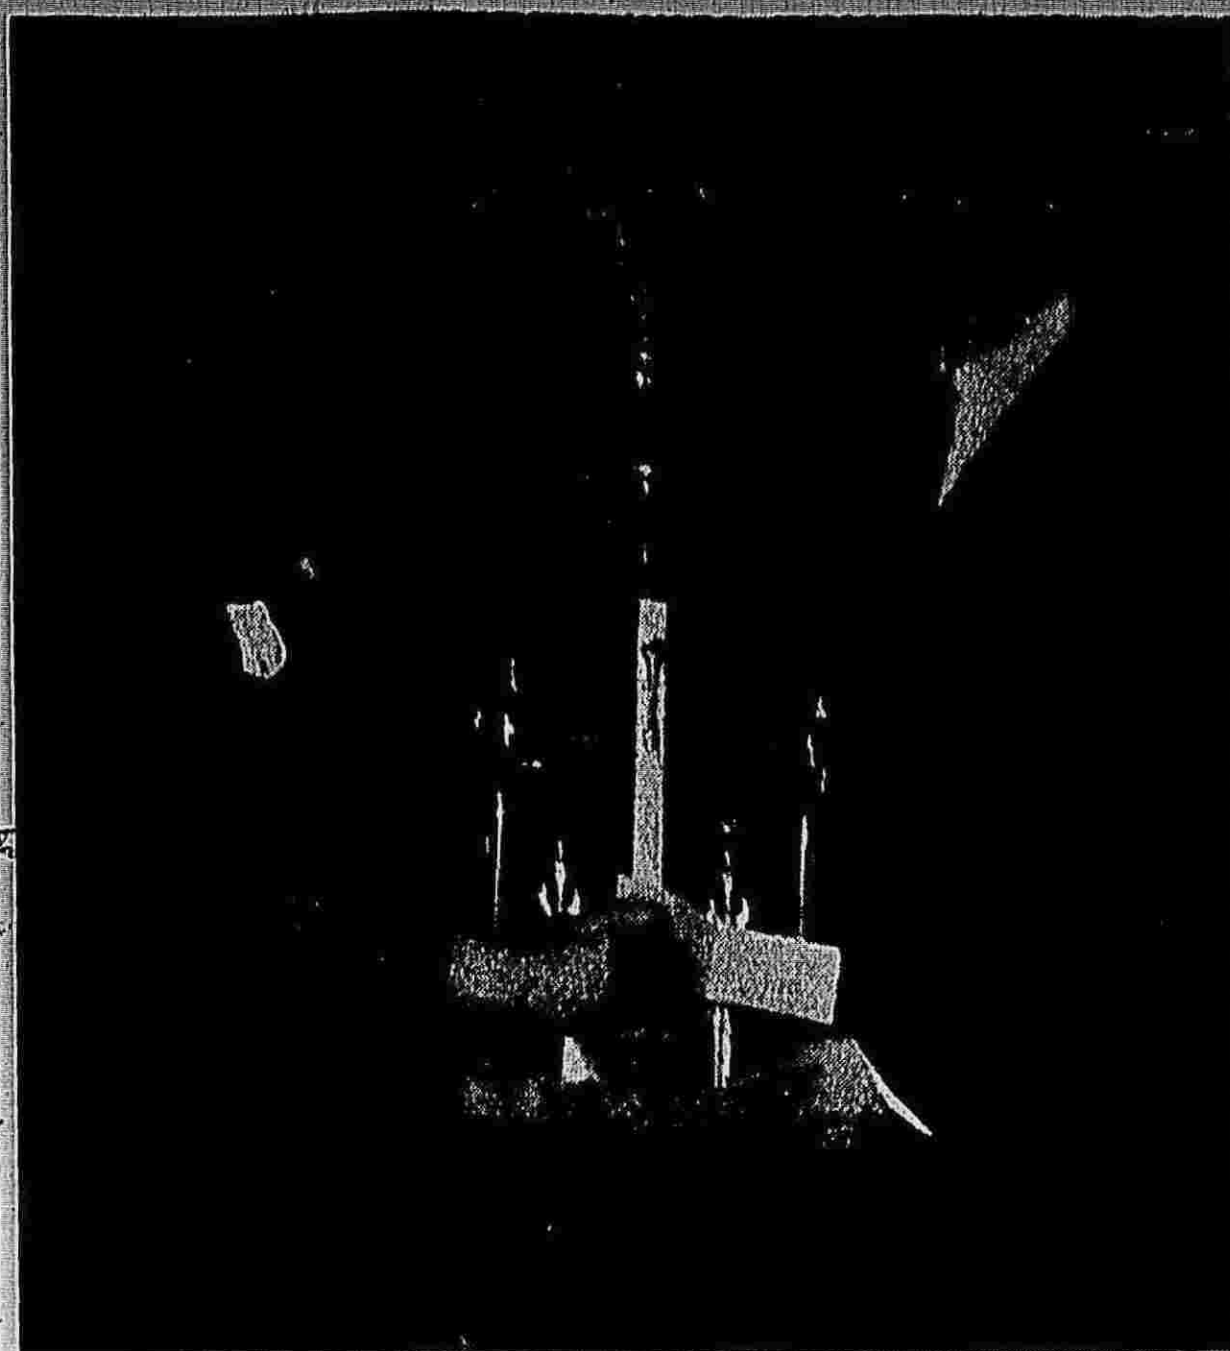

Davis got 2 for 3 with a triple while Barnstable hit 2 for 2. Pleviak slammed out a double for the only other extra base hit for the Sequoia.

# FORD TOTAL PERFORMANCE WINS ATLANTA "500" FOR 3<sup>RD</sup> YEAR IN A ROW!

For the 3rd time in three years, Fred Lorenzen takes the grueling Atlanta "500" at the wheel of his Ford.

## Why Ford Competes in So Many Kinds of Racing

Ford is committed to racing for one simple reason: every time it goes to the races—win or lose—you always win. Ford engineers always learn something that helps them build a better car. That's why Ford is willing to lay its reputation on the line in almost any kind of open competition anywhere in the world. Ford's not after trophies, it's after knowledge—and it gets it!

All manufacturers have elaborate proving grounds and test facilities. But no proving ground can come within a country mile of the intense pressures and the immediate deadlines of racing. That's understandable; the will-to-win can't be built in as a proving ground factor and any failures are obviously hidden from the public view.

Ford didn't enter the world of open competition on a whim or for amusement. The history of the automobile shows that open competition is the most severe of all testing procedures; it really does "improve the breed." It tests—but it also sparks ideas and brings them to the open market sooner. Better still, it creates a cadre of adventurous and forward thinking engineers

and nurtures them with a climate of challenge and change.

Particularly important, Ford didn't enter open competition on any narrow front or for any limited time. Ford wanted all the lessons it could get—and wanted to keep at it long enough for the findings to be passed down, in whole or in part, to the kind of cars you drive. That's why Ford is in stock car racing and the far-out sphere of the Indianapolis "500" . . . in the world's great rallies such as the Monte Carlo and the Shell Trans-Canada . . . in the intense competition of quarter-mile drag racing . . . in hill-climbs like Pike's Peak . . . in sports car road racing (and stock car road racing) . . . in endurance runs and economy trials. And why Ford is about to enter the super competition of Grand Touring racing with our 200-mile-per-hour Ford GT.

No auto manufacturer in history has ever been in so many categories of competition. And Ford believes that no line of cars has ever benefited so much, so quickly—and that means the owners of Falcons, Fairlanes, Fords and Thunderbirds are the ones who really benefit.

## New 200-mph "GT" is Ford's next competition entry

Within a few weeks Ford will enter the fantastic world of Grand Touring competition. Ford will start with a 200-mile-per-hour projectile, a sleek, tiny coupe called the Ford GT. This vehicle will explore ducted ventilation, forced-air cooling of seats, integral seat-and-body construction, high-performance automatic transmission, streamlining, low-rate independent springing—and fabulous standards of roadability and control. Ford believes that this remarkable new car will eventually come up with many solutions to make travel safer, smoother and more economical.

## Latest win gives Ford 11 out of last 12 NASCAR 500 milers!

ATLANTA, April 5: In a blazing exhibition of total performance, ace driver Fred Lorenzen piloted his specially modified '64 Ford to a stunning victory in the Atlanta "500" before a cheering crowd of 75,000 spectators.

This victory marks the 11th time that Ford has captured a NASCAR stock car event of 500 miles or more, starting with the Charlotte "600" in May, 1962.

In the past two years, tough, dependable Ford-built cars have carved out an incredible history of victories in virtually every kind of automotive event possible—from stock car races to economy runs, from rallies to endurance tests.

Ford has chosen the most rugged testing program that cars have ever faced . . . full-scale open competition. This is the dramatic way to show that Fords have changed . . . and the sure way to be certain they keep on changing. Changed? Just look at the record!

• A dramatic maiden effort at Indianapolis, when two

Ford-powered Lotuses came within seconds of taking the 500-mile classic. • A team of specially equipped Falcons won 2 classes and took 2nd place overall in the 1964 Monte Carlo Rallye.

• The 1964 "Car of the Year" Award from Motor Trend magazine, presented for the concept of total performance and the open competition that proved it.

Ford enters special cars in open competition, in addition to its extensive laboratory and test track programs, because competition provides an intensity of testing that no proving ground alone can provide.

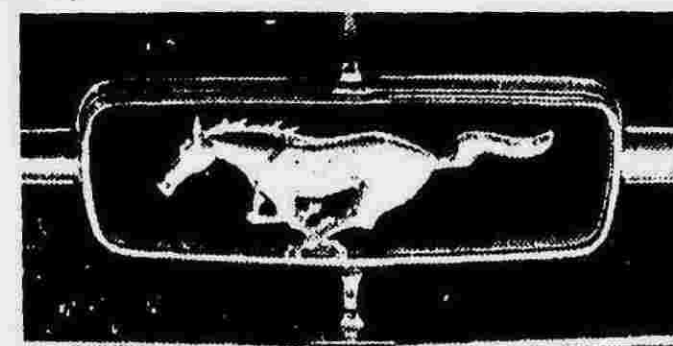

The lessons Ford has learned in racing have already led directly to such refinements as a stronger rear axle, streamlined "fast-back" styling, better brakes and an improved ignition system.

Because Ford enters open competition, the cars at your Ford Dealer's are stronger, better handling, safer and thrifter in the long run. They're built for total performance.

The unexpected . . .

## Billy Goetz At K.C. Athletic Award Dinner

On April 7, TV star and professional wrestler, William C. (Billy) Goetz, of Antioch, entertained at the Annual Athletic dinner sponsored by the Antioch Knights of Columbus, Council No. 3800, in honor of the approximately 100 members of the basketball teams of Prince of Peace and St. Peter's parishes with their cheerleaders and coaches.

Mr. Goetz's program featured showing of films, distribution of literature, demonstration of simple body-building exercises and advice on proper diet.

Both Father David Lynch (Pastor of Prince of Peace, Lake Villa) and Father Alfred Henderson (Pastor of St. Peter Parish, Antioch) expressed their appreciation for the fine sportsmanship and cooperation shown in their respective communities.

While shaking hands and giving autographs, Mr. Goetz was heard to comment: "Some group of kids—it's really a pleasure to meet a group that is so well mannered and no one neglects to say thank you for the autograph."

## Soccer Cup Games at Soldier's Field

Chicago's own International Soccer Series will be off to an early start this year, with top teams of Germany, England, Mexico and the United States competing in a round-robin cup series at Chicago's Soldier Field Sunday, May 17, Friday, May 22, and Friday May 29. Meiderich Sport Verein of Germany, with four German National team stars signed for two games, May 17 and 29. They are at present in second place, and in hot contention for the West-German National League title.

Liverpool F. C. of England, with five National Team players are right now in second place with 44 points in 33 games. They are sure starters on May 17, and on May 29, they play Meiderich Sport Verein. Negotiations are under way to bring Monterrey A.C. of Mexico and the United States National Team to Chicago.

Presentation of these stellar soccer attractions is the joint promotion of the Midwest Soccer Promotion Association, Inc., and Soccer Football Club IANSAs, who since 1950 have brought many outstanding teams of world renown to Chicago.

## Match Race At Union Grove Drag Strip

Two of the nation's fastest machines in the "altered" division will highlight this Sunday's racing program at the Great Lakes Dragway, Union Grove, Wis.

The "altered" division is one step down from the nitro fuel dragsters. They vary from the dragsters in that they require a body although the body can be altered in any manner, shape or form. They may use as powerful an engine as they want and they burn the same potent nitro fuel as the dragsters.

The nation's number one ranked "altered" racer driven

by Don Wells of Kankakee, Ill., has been challenged to a best two out of three match race for the number one position. The body is a 1932 Austin Roadster powered by a 325 cubic inch 1963 supercharged Dodge engine and develops about 950 h.p. His top speed is 105.83 mph in 0.40 seconds for the quarter mile.

The challenger is Jim Powers from Fullerton, Calif. He will drive a racer with a Fiat coupe body powered by a 426 inch 1964 supercharged Dodge engine. He has a smaller engine than Wells but his Fiat coupe body weighs about 200 pounds less, so it should be a very close match. His top speed is 165.11 mph in 0.40 seconds.

Powers has won his last 9 match races and 116 out of 18 with his new machine and

is expected to give Wells his stiffest test since he won the national title. Wells has successfully defended his number 1 ranking 13 times since he won it last year.

In addition to this match race, a full racing program is on tap with time trials starting at 9 a.m. and races at 2 p.m. The dragstrip is located 20 miles south of Milwaukee or 12 miles north of

## Lindenhurst News

By Mrs. Bernice Barreau

### Prince of Peace Church Lake Villa

A Book Fair will be held from Sunday, April 19, to Saturday, April 25, at the Prince of Peace School. Hours on Sunday will be 8 a.m. to 1 p.m.; week days, 7 p.m. to 9 p.m., and from 1 p.m. to 5 p.m. on Saturday.

The senior basketball team won second place trophy in the Parish league. The junior team finished in fourth place. The coaches were Joseph Plavik, Francis Mitchell and John Mateja. Mrs. Frances Mitchell was coach for the cheer leaders.

### St. Mark Lutheran Church

The membership orientation class will be held next Sunday afternoon, April 19, at 4:00 p.m. instead of Thursday evening.

The second annual Mother and Daughter banquet will be held Thursday, April 23 at the Community Methodist Church in Lake Villa. All women and children attending St. Mark's are invited. Ladies of the Methodist church will prepare and serve a roast beef dinner, starting at 6:30 p.m. For more information call Mrs. Nelson or Mrs. Ray Rathmann at 395-3333. The Rev. Pinke of Salem, Wis., will be the guest speaker.

Members of the church are invited to attend a community meeting in the interest of better literature and better movies Sunday afternoon at the Lake Villa VFW Hall at 3 p.m.

### VFW Open Poppy Day Contest

Artists in the Lake Villa area are invited to enter the annual Veterans of Foreign Wars poppy day poster contest which opens Wednesday, April 15, and closes, Friday, May 8.

Ace Minne, poster chairman, said students in the sixth, seventh and eighth grade are invited to enter. The Lake Villa, B. J. Hooper, Prince of Peace, Gavin North and Allen Dale Schools are working with the VFW.

Judging of the posters will take place May 13 at the VFW Post 4308 hall. The posters will be judged on neatness and originality of thought, by Gordy Myers, Jr., Vice Commander of the Fifth District and John Morehouse, Commander of the Fifth District. Prizes of \$15 for first place, \$10 for second and \$5 for third will be awarded at Memorial Day exercises in Lehmann Park. The posters will be on display in store windows in Lake Villa and Linden Plaza and then at the VFW hall through open house ceremonies Memorial Day.

In conjunction with this the VFW Post will hold its annual poppy sale Friday and Saturday, May 15 and 16.

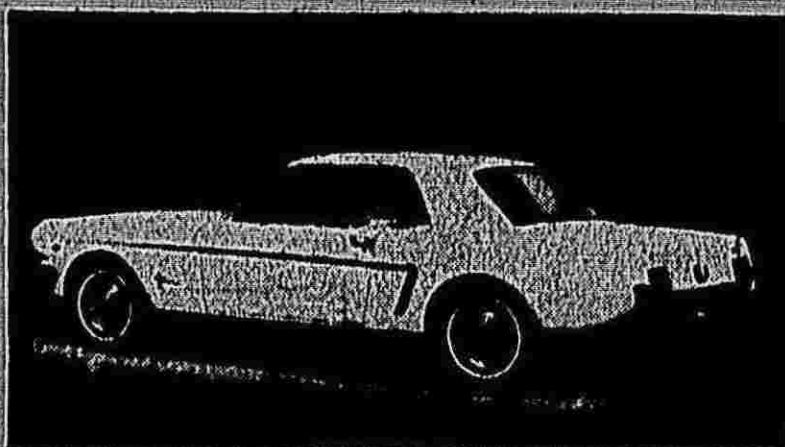

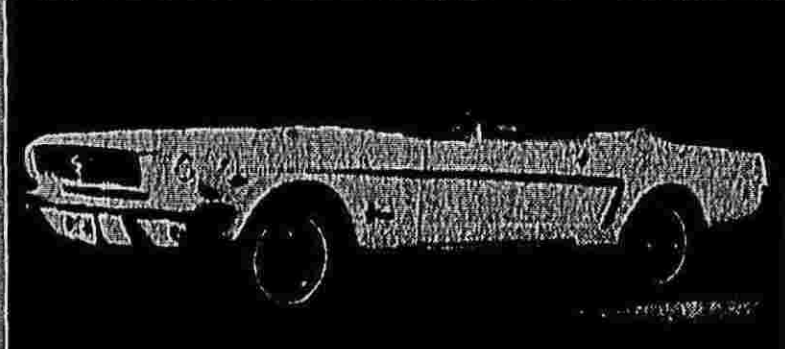

Last year's poster winners were Margaret Wolfe, Jim Shore and Bill Payne. There were a record 124 entries.

Ford's lively new sports-type car—the Mustang—combines the styling and features of expensive foreign cars with a low cost made possible by American mass-production. Mustang hardtops and convertibles feature bucket seats and carpeting as standard equipment with a full-width seat in the rear. Options for the performance-minded include a selection of three V-8 engines with up to 271 horsepower along with 4-speed or automatic transmissions. Luxury options include a center console, power steering and brakes, and air conditioning. The standard hardtop model—equipped with an economical six-cylinder engine—will be priced with many economy cars. The new Mustang will be introduced by Ford dealers Friday, April 17.

### Inside Antioch High

By Marilyn Gras

Antioch came home from the District Science Fair at Lake Forest College last Saturday with two first awards. First was received by Freshman Lee Craner for "Analogy in Mathematics" and Glen Ottedahl for "An Automatic Wilson Cloud Chamber." These boys will now exhibit their projects at the State Science Fair at the University of Illinois next month.

The Sequoia track teams easily defeated the Grayslake Rams last Monday afternoon. The Grayslake Varsity took only two firsts, one of which was a tie. Antioch's frosh-sophs won almost as easily, too.

The band and choir will attend a state music contest at Evergreen Park High School on Saturday of this week. This is the first time in several years that the choir has entered. Last year the band came home with its first Superior rating, and it hopes to repeat this accomplishment this year.

This week is the last week of the fifth six weeks grading period. That leaves only one more grading period during the school year.

A letter was read from the "Do Something About It" committee for moral safety. At Smith invited the members or a representative to attend the first meeting to be held April 19 at 3 p.m. at the VFW Post in Lake Villa. The committee hopes to do something about the objectionable movies and books in the Fox Lake, Lake Villa, Lindenhurst and Antioch areas. Readers of this paper are invited to attend.

August 24 is the date set for the Fashion Show, with Goldblatt's furnishing the styles. It will be an evening affair.

Hostesses were Grace Slove, Alyce Buerster, Mickey Shepler, and Babe Hartwig.

The birthday ladies were Mrs. Anne Zandier, Carol Bogda and Millic.

The Junior Girl Scouts of Troop 269 presented the program.

An interior decorator will be on the May program.

The Kadettes are sponsoring a card party Sunday, April 26, at the VFW Post in Lake Villa, on Grand Avenue and the Soo Line tracks, starting at 2 p.m.

They also would appreciate receiving your old newspapers. For pickup call Mrs. Helen Page at Elliot 6-5469, after 6 p.m.

### Lyons & Ryan Ford Unveil Mustang

The 1965 Mustang, Ford Motor Company's newest car, will be unveiled at the Lyons and Ryan Ford Sales on Friday, April 17.

The Mustang is a four-passenger sports car which will be offered in both hardtop and convertible models. The car was created to appeal to the fast-growing youth market.

Ford Motor Co. believes that young people are trend-setters in cars, clothes and many other commodities. They also influence the make and kind of car their parents buy.

Another important phenomenon in the Mustang story is the growing trend to multiple-car ownership. Multiple-car-owning households have grown from six million in 1956 to more than 13 million in 1963.

### WOMEN IN GOVERNMENT

The world is full of innocent looking traps that a man can fall into as he pursues the path of good intentions. Recently President Johnson sent out word that he would like to see more women in high government positions and he suggested that women's organizations or anyone else send in names of capable women for government jobs.

Now wouldn't you know it—one of the first names sent in was that of Margaret Chase Smith who was suggested for the job of President of the

## Dominick to Speak at GOP Dinner

Robert D. Stuart, Jr., President of the Lake County Republican Federation announced today that the Federation's annual dinner will be held in the Waukegan Inn on Sunday, May 3, at 6:30 p.m. Mr. Stuart said that William H. Rentschler, Lake Forest, will serve as dinner chairman.

Mr. Rentschler indicated that the speaker for the dinner will be U.S. Senator Peter Dominick from Colorado. Senator Dominick's topic will be "Will the Real Lyndon Johnson Please Stand Up?"

Arrangements for Dominick's appearance were completed by Congressman Robert McClory who will introduce Senator Dominick at the dinner.

Rentschler indicated that the Federation dinner will be the first major post-primary political event in Illinois. "The theme of the dinner will be 'Unity for Victory in '64,' and this major event will get the crucial fall campaign off to an early and enthusiastic start," Rentschler said.

The Federation is inviting all Republican nominees for major offices to attend. In addition all Lake County candidates and office holders will be honored guests.

Rentschler indicated that the price of a member ticket for the dinner is \$10 and the price of a sponsor ticket is \$100. "Money raised by the

dinner will be used to support the Republican activities in this fall's election campaign," Rentschler added.

Checks for tickets should be sent to the Lake County Republican Federation, 116 North County Street, Waukegan, Ill.

## New Ford Mustang—\$2368\* f.o.b. Detroit (and we're not fooling!)

This is the car you never expected from Detroit. Mustang is so distinctively beautiful, it has received the Tiffany Award for Excellence in American Design, the first automobile ever to be so honored by Tiffany & Co. Mustang brings you the look, the fire and the flavor of the great European road cars. Yet Mustang is as American as its name—as practical as its price. And just-look at all the wonderful features the price includes:

2368\* f.o.b. Detroit is the suggested retail price for a completely equipped standard Mustang Hardtop (above). This price includes luxury features either not available or available only at extra cost in most other makes of cars:

- Deep foam bucket seats
- Padded instrument panel
- Full wheel covers
- Color-keyed all-vinyl interior
- Color-keyed wall-to-wall carpeting
- Sports steering wheel
- Cigarette lighter
- Glove box light

Mustang was designed to be designed by you!

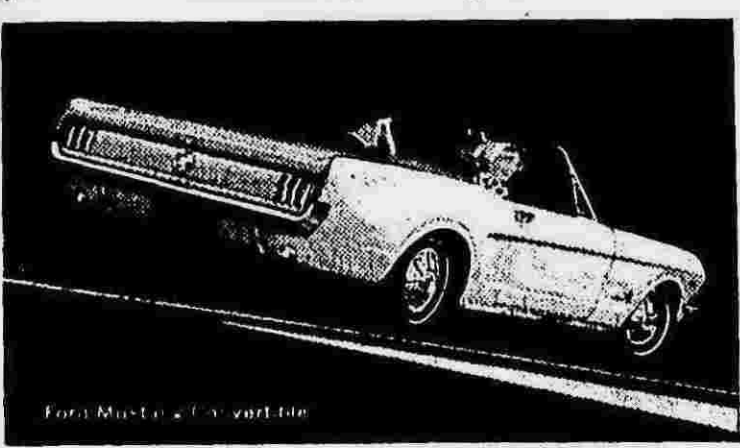

\*Suggested retail price. Destination charges from Detroit, options, state and local taxes, and fees, if any, are extra. White sidewalls \$33.90 extra.

FOR AN AUTHENTIC SCALE MODEL of the new Ford Mustang, send \$1.00 to Mustang Offer, Dept. N-1, P.O. Box 35, Troy, Mich. (Offer ends July 31, 1964)

TRY TOTAL PERFORMANCE FOR A CHANGE!

## FORD

Mustang - Falcon - Fairlane - Ford - Thunderbird

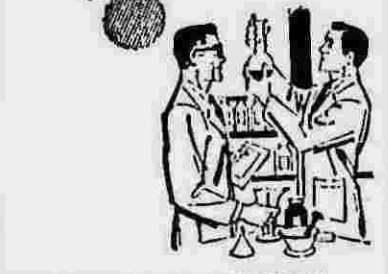

You can have the ultimate in action by designing your own hot-blooded sports touring machine with these exciting Mustang performance options:

- 280-cu. in. V-8
- 4-speed manual transmission
- Rally Pac (tachometer and clock)
- 14-inch wheels and tires
- Heavy-duty battery
- 2 automatic courtesy lights
- Floor-mounted 3-speed shift
- 2368\* f.o.b. Detroit also includes these features as standard equipment:
- Twice-a-year (or 6000-mile) service schedule
- Wrap-around front bumper with bumper guards front and back
- Curved side glass
- Front arm rests
- Heater (unless ordered without)
- Parallel-Action windshield wipers
- Safety-Yoke door latches
- Front seat belts (unless ordered without)
- Self-adjusting brakes
- 170-cu. in. 6-cylinder engine

To the man who can't work  
in air-conditioned comfort  
(but would like to come home to it)

**You can have Whole-House Electric Air Conditioning in the average 6-room home for as little as 50¢ a day.**

(This includes maintenance as well as

operating costs.) It's bad enough to have to work all day in hot, sticky weather. But it is even worse to come home to a house that's too hot and humid for sleeping.

Nowadays there's something you can do about it. It's called Whole-House Electric Air Conditioning, and the cost is a lot lower than most people guess.

**Public Service Company**

**ELECTRICITY IS SIMPLICITY**

For instance, to have it installed in the average 6-room home usually costs from about \$800 to \$900.

Operating costs will vary, but 50¢ a day for operation and maintenance over a period of 120 days is close to the average.

Electric air conditioning is simple, doesn't require water. It adds to the desirability and market value of your home. You get a lot besides cooling. Air throughout the house is crisp, free of excess humidity. A filter in the system removes dust, and up to 98% of the pollen, from the air.

To find out exactly what Whole-House Electric Air Conditioning would cost in your home, get in touch with the dealer, distributor, or department store nearest you. The contractor you choose will be glad to give you a free estimate and financing is easy to arrange.

**BAKED CHICKEN, TARRAGON**

Sprinkle pieces of TableRite Chicken with a mixture of 1 Tbsp. salt, 1 tsp. pepper, 1 tsp. Accent, ½ tsp. paprika, and ¼ tsp. poultry seasoning. Brown Chicken slowly in equal amounts of TableRite butter and salad oil about 15 minutes. Add one medium onion sliced and small jar mushrooms. Sprinkle with dried tarragon leaves, cover, and let simmer till fork tender (about 15 minutes more). Serve with fluffy rice and choice of vegetables. Uncooked fresh chicken may be kept 1 to 3 days by wrapping loosely in wax paper or foil and placed in coldest part of refrigerator (not freezer).
